

Invitation International congress of **ETS** Save the date!

5 & 6 April 2018
University Medical Centre Groningen

5 April - Network meeting and Social program
6 April- Congress

Invitation

The ETS faculty of the Trauma region in the North of the Netherlands (AZNN) is hosting an international ETS congress on the 5 and 6 April 2018 in Groningen, the Netherlands.

For this congress, we are collaborating with the ETS Competence Centre in Linköping, Sweden.

We invite you to participate in this international ETS congress.

The goal is to bring the faculties and (senior) instructors from all over the world together to exchange good practices.

Day 1 theme: ETS on a higher level

Day 2 theme: ETS on a user level

The strength of this congress consists of cooperation between the faculties. Therefore we would like to ask all faculties and senior instructors per country to prepare a short pitch to introduce themselves. This should be a maximum of ten minutes containing the following topics:

Which developments have you made in using ETS?

Which developments and progress have made in the quality of education?

ETS statistics per country or faculty

Number of exercises / courses given?

Other relevant things you'd like to share

On Friday the 6th of April we will host an ETS 'knowledge fair'. Each country or faculty is invited to set up a booth to present examples of how ETS is used in their country.

If you want to use a booth, please let us know on the sign-up form.

Location:

University Medical Center Groningen

Hanzeplein 1

9713 GZ Groningen

The Netherlands
