

# ORDER INFORMATION

Emergo Train System<sup>®</sup> can be ordered as a pre-designed set and/or pre-designed items. It is also possible to customise the sets or separate symbols after your request.

## Pre-designed sets

The Emergo Train System sets are designed for pre-hospital and hospital exercises. There are standard sets in different languages.

If you prefer, the number and type of items in a set can be designed after your needs. You maybe want for example more ambulance symbols and less signs? Just contact us and we will help you!

## Pre-designed items

If you want to order extra of some of the items that we have in our sets please use **annex1**. Check our catalogue or contact us for more information of items available.

## Customised items

We are happy to customise the ETS material after your need. Customisation can be for example changing colour or text on staff symbols, vehicles or signs. Please contact the ETS Competence centre and we will help you.

## Prices and shipping

Please contact the Emergo Train System Competence centre for prices of material.

Shipping cost is not included in the price of the ETS material. We can provide you in advance what the price for shipping will be.

## Order

Please send in p2 and p3 of the order form by e-mail, fax or regular mail. If annex1 is used, please send it together with the order form.

## Order confirmation

When we have received your order, we will send you an order confirmation by e-mail.

## Questions and contact information

If you have any questions, don't hesitate to contact us!
